The University of Houston Cullen College of Engineering is proud of you—one of our 16,609 alumni who are making their mark all over the world!

As the college continues its progress to become a nationally-ranked, Top 50 program, we need your support! By making a gift, volunteering your time or simply attending a college or alumni event, you are showing your support of your alma mater.

One way you can show your Cougar pride is with a new UH Engineering window decal. If you’d like one for your vehicle, contact us.

We hope you will continue your support of the UH Cullen College of Engineering as we improve our academic and research programs to reach our educational mission.
