ROCKWELL LECTURE SERIES ? MULTI-SCALE MODELING OF COMPLEX FLUIDS: SURFACTANTS, COLLOIDS, AND POLYMERS, AND THEIR APPLICATIONS

Date:
Friday, November 17, 2017 - 10:30am

Location:
Engineering Lecture Hall L2D2

Multi-Scale Modeling of Complex Fluids: Surfactants, Colloids, and Polymers, and Their Applications

Presented by: Ronald G. Larson, George Granger Brown Professor of Chemical Engineering, A.H. White Distinguished University Professor of Chemical Engineering, Professor of Biomedical Engineering, Mechanical Engineering, and Macromolecular Science and Engineering, University of Michigan
