ABOUT ^[1]

The image shows a flyer for G.R.A.D.E. CAMP 2018. The flyer features the text "girls reaching and demonstrating excellence" at the top, followed by "G.R.A.D.E. CAMP 2018". It lists dates "JUNE 11 - 15" and "JUNE 18 - 22", and a goal of "1,000 participants & COUNTING!". Below this are four colored boxes labeled "DESIGN", "CREATE", "PROGRAM", and "ENGINEER". A photo of a young girl smiling and holding a robot is on the right. Text on the flyer describes the camp as a week-long day program for 8th to 12th grade girls, including interactive labs, a maze challenge, and a fee of \$1000 per girl. Contact information for the director is also provided.

[2]

G.R.A.D.E. CAMP is a week-long day program designed specifically for entering 8th to 12th grade girls who want to find out what engineering is all about through "hands-on" experience. G.R.A.D.E. CAMP emphasizes career exposure rather than career choice, so you can come just to experience something new.

Not only will you gain valuable engineering knowledge and experience working in teams, but you will also have a lot of fun! By the end of Camp, you will have gained valuable insight from Houston-area female engineers and engineering students and you will have designed your own robot that can make its way through a maze!

Who sponsors G.R.A.D.E. CAMP?

G.R.A.D.E. CAMP is sponsored through industry support from ExxonMobil, Halliburton, BP and Fluor.

The University of Houston is an Equal Opportunity/Affirmative Action institution. Minorities, women, veterans and persons with disabilities are encouraged to apply.
