CHBE'S MICHAEL ECONOMIDES WRITES THE HILL'S CONGRESS BLOG: "THE PRESIDENT'S LEGACY ON ENERGY" [1]

Posted on May 23, 2013

By:

Audrey Grayson

Professor [Michael Economides](#) [3] in the UH Cullen College of Engineering's department of chemical and biomolecular engineering contributed an article titled "[The president's legacy on energy](#) [4]" to [The Hill's Congress Blog](#) [5], published on May 22.

If the name Michael Economides sounds familiar to you, it's because it probably is. Although Economides is known to his [students](#) [6] in the chemical and biomolecular engineering department as an outstanding educator and mentor, he is known around the world as a leading energy analyst, consultant, educator, author and petroleum engineer.

In addition to his role as professor at the UH Cullen College of Engineering, he is a managing partner of a petroleum engineering consulting firm and the editor-in-chief of the Energy Tribune. He has authored or co-authored 15 professional textbooks and books, including ?The Color Of Oil? and over 300 journal papers and articles. Economides -- widely revered as a premiere expert on the geopolitics of energy -- is a [regular guest](#) [7] on national and international media as well as a regular contributor in the editorial pages of newspapers and magazines.
