

UH-EXTEND PROGRAMS IN THE CULLEN COLLEGE OF ENGINEERING

OVERVIEW

The UH-Extend engineering programs are designed to serve the needs of a broad range of students, including recent graduates as well as mid-career engineering and technical professionals who are seeking the high-quality graduate education and credentials that the Cullen College is known for.

All the degree and certificate programs under the UH-Extend umbrella are designed to be completed from start to finish in a fully online format. All courses are taught online only, and there is no requirement for any on-campus or face-to-face components.

HIGHLIGHTS

All of the UH-Extend Master's and Certificate programs consist of the same rigorous curriculum and coursework as traditional face-to-face programs at UH, and are taught by the same faculty. The only difference is in the mode of instruction, which is fully online.

Competitive and cost-effective tuition. All the available engineering programs under UH-Extend have a tuition of \$745 per credit-hour, with no additional fees.

A 30 credit-hour engineering Master's degree under UH-Extend costs a total of \$22,350.

A 9-hour graduate Certificate program costs \$6,705.

WHO SHOULD APPLY?

Admission requirements vary by program. Most programs require:

1. Math background consisting of three semesters of Calculus, Differential Equations and Linear Algebra
2. College-level Chemistry and Physics
3. An undergraduate Bachelor's degree or equivalent from an accredited institution in STEM (Science, Technology, Engineering, Math).

While a background in a related engineering area is preferred, students in broader STEM fields are welcome to apply and may be offered a provisional admission consisting of a select group of leveling and introductory Master's courses.

APPLICATION REQUIREMENTS

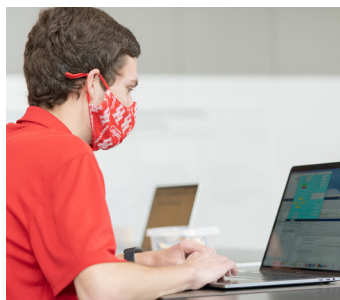

1. Transcripts of all prior college education
2. A summary of professional and relevant experience
3. A supporting letter from your current employer is recommended
4. GRE is not required. TOEFL or IELTS is required for international students only.

APPLICATION DEADLINES

Fall semester admission deadline: July 1

Spring semester admission deadline: December 1

Summer semester admission deadline: May 1 (not all programs have a summer admission option)
