Charles Beyer is founder and president of Beyer Construction, a leader in the Houston area for commercial concrete, street and road paving. He received a B.S. and M.S. in civil engineering from the University of Houston in 1972 and 1977, respectively. Charles has served as president for both the Houston Contractors Association and the Houston Engineering and Scientific Society. He is active member of the Greater Houston Builders Association and the Associated General Contractors. He also serves as a member of the UH Civil and Environmental Advisory Board as well as the UH Engineering Leadership Board. He is the founder of the Civil Engineering Alumni Luncheon and a recipient of the Distinguished Engineering Alumni Award, which he received in 2001.

Charles and Nancy Beyer have been participants and sponsors of UH Engineering Golf Tournament since it’s inception, an Industrial Scholars Interns Program Corporate Sponsors, Sponsors for the Beyer Lecture Series and contributors to Engineering Building Fund. We would also like to point out that Charles and Nancy were members of the first foursome to win the First Annual Dean’s Cup, which was awarded to the low gross score winners during the 2005 Cullen College of Engineering Golf Tournament. Both Charles and Nancy have been gracious supporters of the college since their days at UH.
