DEAN’S CUP

Teams representing different departments in the college will compete to have their names engraved on the Dean’s Cup trophy, which is displayed in the UH Cullen College of Engineering Dean’s Office. In addition, the winning team will receive $1,000 in discretionary funds that are awarded to the winning department.

To be eligible, teams need to have at least one member affiliated with their department of choice. This may be an alumnus/alumna, student, faculty or staff member. Teams without a direct affiliation to a department will be free to choose a department to represent. Individual entrants will be placed on teams that represent their discipline.

BEYER DRIVE

Join us in celebrating Charles Beyer (BSCE ’72, MSCE ’77), distinguished alumnus and dedicated supporter of the UH Cullen College of Engineering. One “Beyer Drive” may be purchased for $20 per team at the registration table prior to tee-off. The “Beyer Drive” assumes that “Beyer” hit your first shot and allows teams to skip the tee box and proceed to the designated area where they will hit their second shot.
